

Dear Students,

August 2021

Greetings. Hope you are keeping safe and doing well with your duties and responsibilities. We all are still going through the difficult times that started early last year and not sure of how much more to go. But we need to carry on with our everyday progress and keeping ourselves focused at our goals. We had an opportunity to meet each other for a brief period of time after the 1<sup>st</sup> wave of the Covid-19 pandemic but soon that was taken away by the 2<sup>nd</sup> wave, which was even more disastrous compared to the 1<sup>st</sup> one. There is tremendous suffering emotionally, financially and with much valuable human lives.

Meanwhile, we could cope up with the e-learning better than the last year. By now, our teacher's interaction and your response were much developed on the digital platforms. We cannot help, but adapt to the new situation and find solutions to it, as rest of the world is doing. We know that nothing can substitute the classroom learning but you all have done pretty well despite of all the challenges. We assure you our support at any point of time. You are welcome to visit and consult us on any issues even after completion of your course. We'll be happy to meet your expectations and help you understand and learn your course as desired that may have been lacking due to the online learning.

We couldnot meet our passing out students to bid a proper adieu. However, please accept our heartfelt appreciation for being a beautiful part of this Institution and making us proud in every aspect. Our Best Wishes and Prayers for your future endeavours. May you shine and bring laurels to your family and to our Institute. God be with you in each and every step of your life.

For those students who are appearing their term-end exams, we wish them success with brilliant performance. For the onwards semesters, together we all will try to make the learning more effective and fun with each other's positive feedback on further improvements.

Educational Institutes are permitted to open from 1<sup>st</sup> September and we are eagerly waiting to welcome you all back to the classroom activities accordingly. Necessary SOPs and health and hygiene protocols are effectively in place and services are engaged for a continuous monitoring of these issues. We advise you to please take the vaccinations if you are eligible and keep practicing appropriate Covid behaviors even after your final vaccinations.

We'll still continue with both online and offline classes for some time to better settle ourselves. Meanwhile, we request our students to keep in touch through our WhatsApp groups, official mobile and landline phone numbers or e-mail to share their views on any issues they may face.

Here, I take this opportunity to thank our Principal, the Coordinator and our ever energetic and caring Teachers for taking every possible care of our students. May god bless you all.

Hope to see you all soon. Till then, take good care of yourself and your beloved ones and be always ready to help your society.

With Best Wishes,  
Director, IIPS
